"BUY CANADIAN-MADE GOODS"

Throughout Dominion

Ottawa, Ont. Jan. 30. "Buy Cana-dian-made goods" is the slogan rapidly being adopted throughout Canada. The sentiment in this part of the Domin-ion seems to be that it is time for the citizens to stand together; and one of the effects of this sentiment is a deter mination to buy Canadian-made goods. It has been announced that the su-perintendent of the Algoma Steel Corporation and other firms have directed that all purchases be of Canadian-made goods or products, even at a greater cost. This is not because of any antagonism to the United States, but rather a patriotic decision to assist the British Empire.

The German machine also landed, and its occupant rushed to the British aeroplane and shook hands with the British officers, who both were wounded, the pilot's injury being only a slight wound on the head while the observer had been hi three times on the left shoulder.
